### Photo's and Descriptions

Should your pet get lost while you are on your trip, it is very important that you have a recent photo and description of your dog in order to aid in the recovery of him/her. Paste a recent photo, along with a physical description, including collar color, name or nickname, height, weight, coloring etc so that you can leave a copy of this with the local law enforcement or humane shelters (should you not be able to locate your dog before you have to leave). We sincerely hope this page will NEVER have to be used, but it is best to be prepared! Put your cell# on your pets ID tag!!
